White
3M8835PLUS

3M 8835+ Premium Adjustable Strap Respirator (Valved) - FFP3

Provides respiratory protection against higher levels of fine dusts, mists, and metal fume.

- **Breathe easy** : New filter construction and large surface area reduces breathing resistance making the 8835+ even easier to breathe through.
 - **Cool and Comfortable** : The 3M Cool Flow valve effectively removes exhaled air, reducing heat and moisture build up.
 - **Better Fit** : The new soft, pliable face seal forms comfortably onto a wide variety of face shapes and sizes, helping give an improved fit. Adjustable red headbands indicate FFP3 protection level.
 - **See Clearly** : New clever face seal design is engineered to help minimise fogging of eyewear.
- Industry proven 3M Cool Flow Valve directs humid exhaled air away from eyewear.
- **Long Lasting** : The new durable face seal can be wiped clean after use. Coupled with adjustable straps and an additional 'R' approval means 8835+ can be used for more than one shift.

Standard: EN149:2001 + A1:2009

Classification: FFP3 R D

Maximum Use Concentration:
20 x WEL (Workplace exposure limit)
