

ANSELL ALPHATEC 58-53W GLOVE

Product Code

AN58-535WN

Available in Sizes

M - XL

Available in Colours

Green/Black
AN58-535WN

- Enhanced grip: Thanks to their ANSELL GRIP coating, AlphaTec 58-535W safety gloves minimize the force required to handle oily or wet components
- Elevated comfort: Their white nylon inner liner enhances comfort and helps make them perfect for indoor applications
- Advanced defences: AlphaTec 58-535W work gloves' bonded construction, featuring a coating polymer that doesn't penetrate the liner in manufacture, limits liquid and chemical leakage
- Improved durability: They also boast ANSI/EN compliant abrasion resistance
- Specialized protection: Beyond chemical resistance, they satisfy EN 407 contact heat level 1, further enhancing workplace safety
- Nitrile glove with nylon white liner
- 13.4" (340mm) length
- EN 407 Protective gloves against thermal risks X1XXXX
- EN ISO 374-1:2016 Type A Protective gloves against dangerous chemicals and micro-organisms. Terminology and performance requirements for chemical risks, AJKLOPT
- EN ISO 374-5:2016 Protective gloves against dangerous chemicals and micro-organisms. Terminology and performance requirements for micro-organisms risks
- Food safe
- EN 388:2016 Protective gloves against mechanical risks 3132A
- Level 3 Abrasion
- Level 1- Cut Resistance
- Level 3- Tear Resistance
- Level 2- Puncture
- Level A- ISO 13997 Cut Resistance
