MSAGVF1A-C0AAW

The V-Gard 950 Class 2 safety helmet has been developed for electrical activities requiring demanding arc flash protection up to 7 kA. This balanced and lightweight unvented electrician 's safety

- Helmet made of ABS for strength and lateral crush protection (LD option)
 - Modern, dynamic with sports styled shell
 - 6-point Fas-Trac® III ratchet suspension with premium washable and replaceable sweatband
 - Ratchet offers smooth rotation
 - Balance and stability with a lower nape strap
 - Low profile (patented visor mechanism which minimises helmet shell size)
 - GS-ET-29 Class 2 (7kA) light blue integrated faceshield with light transmittance $\geq 75\%$, protecting against impact, chemical splash, UV radiation, molten metal splash and electric arc
 - Protective foam at the top of the faceshield for an enhanced seal
 - Premium anti-fog/anti-scratch coating faceshield fits over all corrective or safety glasses
 - Reliable one-handed smooth movement, even gloved
 - 2 faceshield positions (up or completely down)
 - Unique extended ear and neck flaps fitted, ensuring protection against arc flash up to 7kA; 2 positions: working or stand-by
 - Channel around perimeter of the helmet diverts rain and debris from user
 - Complete with 4-point chinstrap for better helmet retention
 - Protection against molten metal (MM option)
 - Electrically insulating helmet meeting EN 397 440 V AC & EN 50365 1000 V AC
 - Anti-static assembly; ELECTROSTATIC-INERIS certified for use in ATEX/explosive environments
 - Helmet delivered in a protective reusable storage bag
- MSA Reference: GVF1A-C0AA00I-000
