Weight (based on size 8):

- 815 grams

Sector Use:

- Agriculture
- Construction
- Engineering
- Maintenance
- Trades
- Utilities
- Warehouse & Logistics

Features & Benefits:

LACERZ combines a classic lace upper design with the lightweight, comfort and safety specification of its subgrouping partner DEALERZ. Certified to the new UKCA / CE 2022 standards, LACERZ oozes quality and a full safety specification. Incorporating a premium leather upper, this design can handle all working environments and seasons with a waterproof specification and super tough durable outsole. In a period where brands attempt to cut costs with the sale of safety boots certified without a anti penetration midsole, Buckbootz continues to Advance Safety Footwear standards with the inclusion of a NAIL STOP midsole with all its safety footwear styles.

LACERZ is fully metal free and one of the lightest lace boots in the BUCKBOOTZ range.
