

KP50 - Non-Marking Knee Pad

Collection: Kneepads

Range: Knee Pads

Materials: TPR, EPE Foam, Polyester

Outer Carton: 48

Product information

Excellent protection and stability on all floor types. The moulded non-marking materials are lightweight and prevent marking and scratching to the work surface. Ergonomic design provides all round protection and comfort with superb grip to avoid sliding. Adjustable straps for secure and flexible fit at all times.

Kneepads

Portwest knee pads offer a range of knee protection to suit every situation, type 1 (strap on knee pads) and type 2 (insert knee pads). All Portwest knee pads use premium high density material to give the user the best protection possible for their knees no matter the hazard. Diverse materials such as EVA foam, neoprene rubber and silicone gel inserts are used to ensure maximum wearer comfort. Ergonomics is a key feature in our knee pads design and is backed up in the positive feed back we receive from our wearer trials.
